		nicht klebend stark klebend	non-adhesive strongly adhesive	non adhésif auto adhésif	не самоклеющийся сильно самоклеющийся
		nassraumgeeignet	suitability for wet rooms	convient aux ambiances humides	пригодно для влажных помещений
		bedingt nassraumgeeignet, keine direkte Feuchtigkeitseinwirkung	limited suitability for wet rooms, but no direct contact with moisture	utilisation limitée en ambiance humide, pas de contact direct avec de l'eau	ограниченно пригодно для влажных помещений, никакого прямого контакта с влагой
		zur PVA-Verklebung vorbehandelt erhältlich	available with pre-treatment for PVA bonding	Disponible en version "pré-traitement pour encollage PVA".	в наличии панели специально подготовленные для запрессовывания клеем ПВА.
		Die NA-Ausführung dieses Artikels ist auch in schwerentflammbar nach DIN 4102 B1 erhältlich. Die schwerentflammbare Version des Artikels unterscheidet sich durch die Trägermaterial-Farbe RAL 9002 (grauweiß) vom Standard-Lagerprogramm-Artikel.	A flame-retardant NA version of this item in line with DIN 4102 B1 is also available. This differs from standard stock articles due to the colour of its backing material (RAL 9002 – grey white).	La finition NA de cet article est également disponible en matériau résistant au feu conformément à la norme DIN 4102 B1. Cette version se différencie de l'article de notre catalogue standard au niveau de la couleur du matériau porteur RAL 9002 (gris-blanc).	Этот артикул без клеевого слоя имеется также в трудно воспламеняющемся исполнении по классу горючести DIN 4102 B1. В этом случае подложка отличается от стандартной и имеет серо-белый цвет по RAL 9002 (серо-белый).
		Die Produkte aus dem Lagerprogramm entsprechen den Brandschutzbestimmungen nach DIN 4102 B2.	The products from the stock programme meet DIN 4102 B2 fire protection stipulations.	Les produits de ce programme de stock correspondent à la norme DIN4102 B2.	Наша складская программа соответствует противопожарной безопасности согласно DIN 4102 B2.
		Bürstung, Maserung und WAVE immer parallel zur längeren Plattenseite.	Brushing, grain and WAVE always parallel to the longer sheet edge.	Brossage, madrure et WAVE design toujours parallèlement par rapport à la face de la plaque la plus longue.	Шлифовка, текстурный рисунок и волнообразные изгибы всегда параллельны длинной стороне панели.
		Die in der OVERVIEW dargestellten Großaufnahmen zeigen Ausschnitte aus unseren Originalplatten. Auf Wunsch liefern wir bei unseren technischen Strukturen auch Detaildarstellungen.	The close-ups shown in the OVERVIEW show sections of our original sheets. On request, we also provide detailed images of our technical structures.	Les gros plans montrés dans notre OVERVIEW montrent des extraits de nos plaques d'origine. Sur demande, vous pouvez également recevoir des images détaillées de nos structures techniques.	На представленных в OVERVIEW снимках показаны фрагменты панелей. По запросу предоставляется также детальное изображение текстур.
